

Hosting Advanced Workshops

Two days of theory and practice

As the host you are allocated one full participant in the workshop at no charge.

Select a venue – use your local knowledge

Find a suitable venue we can hire for 2 days – possible venues are country racetracks, showgrounds or private venues.

We also require affordable accommodation options onsite for participants and clinicians.

The best venue provides an undercover trimming area and a PowerPoint presentation room within close proximity to each other. Otherwise, it is too difficult to manage horses, security and time.

The PowerPoint presentation is best done in a room away from bright light; however we can set up in a dark corner of an indoor or the breezeway of a stable block if it is dark enough to project a PowerPoint presentation.

Participants are asked to bring their own chairs for the cadaver trim which can also be used in lectures. We need several tables, but we can bring them ourselves if needed.

We always need a safe undercover option for tying up minimum of 7 and maximum of 12 horses, well-spaced for trimming ie: an arena or stable block. This is so the workshop can go ahead in all weather conditions.

During the morning theory session, we need to make sure the horses are secure and gates are shut to nearby roads.

Remember to make sure there is adequate all-weather parking for cars and floats.

You will need to advise us of any specific venue instructions to pass on to participants ie: horse owners to remove manure and clean stables; any yard or stabling costs and camping fees etc.

Help provide morning and afternoon tea

We ask that you to enquire if there is an urn and cups at the venue. We will bring tea and coffee. Could you please bring milk and something nice for morning and afternoon tea. If an urn and cups are not available, let us know and we will bring them. Please communicate with us about this in advance.

Assist to promote/advertise the event

We provide all the advertising material for you to use. Use your local knowledge of the best places for us to advertise, ie: facebook, newsletters, email, chat sites etc. Put up the posters we supply in saddleries, feed stores, etc. We advertise on our website, Facebook. We encourage you to advertise on your social media, but please check the details and information we provide first.

Cost

Fees include a 140+ page class workbook, a data stick containing dozens of our published articles, the Barehoofcare handbook, laminated observations “cheat” sheet,

At our venue in Yarck, VIC. \$450

Other Vic venues are \$500

NSW, SA & QLD \$600

WA, TAS & NT. \$650

Bookings

All bookings are made through us. Please direct any questions or queries directly to us.

Talk to us

Leading up to the workshop, please contact us for an update about registration numbers etc.

Insurance

The Barefoot Blacksmith has insurance cover that most agistment centers and council venues require.

Workshop numbers

Minimum full participants: 7

Maximum full participants: 12
